The annual pool tournament at the Howard st. pool room will begin operations next Wednesday night with ten players, much interest and every prospect for being the equal of any contest that has been held in Akron.

Twenty dollars in prizes will be offered and some of the best of the local pool players have been entered, so that there will be no lack of good pool. A number of those who will take part were in other tournaments, and there is also some new material of which good things are expected. The players in this tournament will be Davis, Brown, Goddard, Schumacher, Viers, Osherman, Caskey, Sullivan, Rhodes, and Miltz. This tournament will be gone through as rapidly as possible, so as not to conflict with plans that have been made for later in the season.

BARBERTON BOWLERS BEGIN NEXT WEEK.

The bowling season at Barberton is about to open, with a match between the Grands of this city, and the Barberton team. The games will be rolled on the second st. alleys some night next week, and the exact date has not yet been determined. Barberton will have two or three experienced teams this season, and will figure in tournaments with Akron and county teams.

NIEMAN STREET EXPECTANT.

Akron relatives of Gus Rubin, who recently arrived in New York, after a long stay abroad, say the Akron "Giant" will be home in a week. How long he will stay here is not known, and it is thought that this will depend in a measure on the outcome of his present stay in New York. Gus is trying to get fights, and he expects that the mastery manner in which he defeated Tom Sharkey in London during coronation week will aid him.

PETER MAHER STILL HAS CONFIDENCE.

New York, Sept. 20.—Jack Fogarty, matchmaker, of the Ariel A. C., of Philadelphia, has secured a good attraction for his club, on Oct. 3, "Philadelphia Jack" O'Brien and Peter Maher will face each other for six rounds, and Peter thinks he can do O'Brien before the limit is reached.

PITTSBURG'S RECORD.

Pittsburg, Sept. 20.—With the exception of one day, the Pittsburg team has been in the lead in the National League since July 4, 1901.

MCPARTLAND STILL IN THE GAME.

Buffalo, Sept. 20.—Kid" McPartland, who was almost at the top of the lightweight division at one time, has a hard proposition before him. He has agreed to go 20 rounds with Joe Gans at the International A. C. of Fort Erie, on October 6.

THE BASE BALL SEASON.

Akron people have had their appetites whetted this season by a taste of good and more than usually reliable base ball, and it is probable that nothing but first class games will satisfy them next season. The formation of the All Akrons at the very end of the season was a good move, and met with the approval of most of the fans, though the very fact that the move was made so late prevented its effect from being felt as much as it would otherwise have been.

The City League was moderately successful, and to one man, more than any other may this fact be credited. Manager Allen, of the Niagaras, worked early and late for the formation and preservation of the League, risked his money freely, and obtained thereby what Akron had not had for several years, moderately good base ball. Of course he had help and support, but Manager Allen was distinctly the foremost figure in local base ball this year. He has good things in view for next year, too, although it is too early to speak of them with any degree of certainty, as yet.

LITTON AT RELEAST.

The Farmer's Success Depends Upon Freedom From Disease and Suffering.

Palne's Celery Compound

Is the Medicine That Has Made Thousands of Country Tollerers Well and Strong.

There are thousands of farmers in our land who are rich in broad acres and gold, yet lack the true wealth known as good health. It is a melancholy fact that men and women in the country districts, breathing the purest air and drinking from God's bubbling fountains and limpid springs, are liable to the same diseases and ailments that come thick and fast to city people. We find rheumatism, neuralgia, debility, dyspepsia, kidney and liver troubles and blood diseases almost as common in the farmer's family as they are in the city homes.

Palne's Celery Compound, Heaven's best blessing to the farming community, has done more for the banishment of dread disease and the building up of health than all other combined medicines. Mr. John Zuppan, a prominent and well known farmer of Middleport, Ohio, writes specially for the benefit of sufferers in the rural districts: He says:—

"Last November I was so badly crippled up with rheumatism, which came on in June, that I could hardly walk without the aid of crutches or a heavy stick. About the 10th of November I commenced taking Palne's Celery Compound and after using four bottles I was completely cured, and was able to attend to my usual work as well as when I was 40. I am now 64, and can walk and run as well as a man of thirty."

chances for good matches materialized.

Gus has had a good time this summer. He has visited nearly all the show places in Europe, and spent considerable time in Switzerland, whence the Rublins came to the United States. His relatives here say he is feeling fine, and that he is ambitious for another go with Champion Jerries, whose ability to whip him has not yet been demonstrated to Gus's full satisfaction.

SEVEN NEW ONES AT HARVARD.

Cambridge, Mass., Sept. 20.—The varsity squad has been augmented by seven more husky warriors who are aspirants for the line positions. The list includes: O. G. Frantz, the big first base man, who is determined to out Tom Graydon from fullback this season. There is some doubt of his being eligible to play on account of the base ball squabble of last spring, but he will keep on his toes until requested to quit. Coach Farley was assisted by Lewis the old center, "Johnnie" Dunlop and Reginald W. Brown. There was considerable lining up for breaking through but no scrummage work. The first regular lining up will be done Saturday or Monday.

DUFFEY FAST AS EVER.

New York, Sept. 20.—Duffey, the World's champion sprinter, who arrived at his home at Roxbury, Mass., on Monday, says that instead of his having broken down in England, he can go on a track any day and run 100 yards in 10 seconds flat.

ALEXANDER GREENBAUM, as administrator of the estate of the late Louis Toth, of Stow township, has sued the People's Telephone Co. to recover damages amounting to \$10,000, claimed for the death of Toth. The petition states that owing to the carelessness on the part of the company, a wire connected with a telephone instrument in a house near Springdale, Stow township, broke and that Toth, not knowing of the wire, stepped up on it and was killed instantly.

ANOTHER DAMAGE SUIT.

Aloysius Kammer, aged 15, by his next friend, Catharine Koehle, of Akron, has sued the Whitman & Barnes Manufacturing Co. for \$5,000 damages, claimed for the loss of three fingers while he was working about a rubber machine.

DAL HAWKINS KNOCKED OUT.

Butte, Mont., Sept. 20.—Dal Hawkins of San Francisco, was knocked out by Jack Clifford last night by a short-arm right hook to the jaw in the seventh round. The fight apparently was Hawkins' up to the fifth round, but he lacked the staying power of his younger antagonist.

MOTION

To Dissolve In junction Lost, And McGovern—"Corbett" Fight Is Off.

\$30,000 Worth of Tickets Will be Redeemed.

Frankfort, Ky., Sept. 20.—The injunction granted against the McGovern-"Corbett" fight, yesterday, has been sustained by Judge James D. White, of the Court of Appeals, and the contest will not take place in Kentucky. Judge White invited the full bench of the court to sit with him, and the decision is one of the court, although the motion to dissolve the injunction was made before a single member of it. The majority report was that the contest would be a prize fight, regardless of whether or not the purse was to be equally divided. The six members of the court were equally divided upon the most important question, that of whether the chancellor had power, by injunction, to restrain the commission of a criminal act. The argument of the motion took five hours. The decision is said to be so far reaching that it will prevent all future boxing contests in Kentucky.

The management of the Southern Athletic club has called the fight off, and the announcement is made that the \$30,000 worth of tickets which have been sold may be redeemed at any bank. It is still believed by many that the fight will take place Monday night, the fighters having severed all connection with the Southern A. C. The fighters themselves were not joined simply the club, and it is now up to some other promoter to go ahead.

DeWitt's Witch Hazel Salve cures quickly and permanently. Unequalled for cuts, burns, bruises, wounds, skin diseases. Accepted to counterfeits. "I was so troubled with bleeding piles that I lost much strength and blood," says J. C. Phillips, Paris, Ill. "DeWitt's Witch Hazel Salve cured me in a short time." Soothes and heals.
